

### Laptop Requirements

These requirements are necessary for computer-based testing, research, in-class access of electronic course materials and for the viewing of lecture recordings. During fall orientation P1 students will be assisted in setting up their computers with access on the University wireless networks.

	Hardware	
	PC	MAC
<i>Processor</i>	Intel i5, i7	Intel i5, M1 or Higher
<i>Memory</i>	or AMD equivalent 8 GB or more (16 GB recommended)	8 GB or more (RAM cannot be upgraded after purchase)

<i>Webcam</i>	Built-in or separate connected by USB	Built-in or separate connected by USB
<i>Microphone</i>	Built-in or separate connected by USB	Built-in or separate connected by USB

\* The College of Pharmacy administers computer-based testing through Blackboard using Respondus Lockdown browser and ExamSoft. We have had some issue with HP branded laptops with Examsoft. Please note that iPad, Chromebooks, and Linux devices are not compatible with COP computer-based testing software. Those devi still may be used for note taking and such.

	Software	
	PC	MAC
<b><i>Operating System</i></b>	Windows 10 or 11 -Recommended: Professional Edition) -Not Recommended: Windows RT	OS 11 or Higher
<b><i>Productivity</i></b>	MS Office 2019 or later (Available for free through University's Office 365 subscription.)	Available for free through University's Office 365 subscription.
